

1 motor tilt in space

lateral back cushion

depth adjustment
for 1 motor TIS

1 motor TIS
in full recline

adjusta

The adjusta is a versatile, easily re-configurable chair featuring pressure-relieving cushioning as standard.

Suitable for clients weighing up to 25 stones, the adjusta is available in three sizes - petite, standard and grande.

Each model is adjustable in height and depth, with the versatility of removable cushions and upholstered in high performance healthcare fabrics ideal for infection control.
